This estate is much more than a property: it's a statement of style, refined taste, and forward-thinking vision. A place where understated luxury blends seamlessly with the serenity of the Andalusian countryside, all while remaining within easy reach of Marbella's sophistication and vibrant lifestyle. Ideal for those who value privacy, space, and an exceptional quality of life, surrounded by nature, comfort, and timeless beauty. Set in the privileged area of Los Cerrillares (Ojén), in an elevated position that ensures absolute privacy and sweeping open views, this Mediterranean-inspired estate with classical architecture is a one-of-a-kind retreat, embraced by majestic natural surroundings and the soothing sound of silence. From nearly every room, you can admire panoramic views of the Mediterranean Sea and the Andalusian mountains, creating an atmosphere of peace and grandeur throughout the property. Spanning over 58.000 m² of land and distributed across two plots, the estate comprises a grand main villa, a secondary villa, a separate office building, a guest apartment, a gym, several auxiliary areas, and its own private helipad, elevating the concept of residential living to an exceptional level of exclusivity rarely found on the Costa del Sol. But the estate's true uniqueness lies in its land and productive potential: the extensive grounds include thriving olive and orange groves, offering the opportunity to cultivate your own harvest or even establish a private vineyard, a rare privilege that merges lifestyle with legacy. Adding even more value to this extraordinary offering, the property also features a fully operational distillery and olive oil factory, complete with all the necessary machinery, infrastructure, and installations. This presents a remarkable opportunity for those interested in boutique production of traditional Andalusian products such as aguardiente and extra virgin olive oil, directly from your own estate, an authentic and potentially lucrative venture that perfectly complements the lifestyle of refined rural luxury.

Main Villa: Timeless Elegance A masterpiece of classical architecture, the main villa has been designed with noble materials and exquisite attention to detail. The home features underfloor heating throughout, an integrated sound system, ambient lighting with dimmers, and a water softener. It offers five spacious and light-filled en-suite bedrooms, including a luxurious master suite with two dressing rooms and two private bathrooms. The interior layout is completed with formal reception rooms, a dining room, an elegant library, home cinema, games room with private bar, wine cellar, pantry, laundry room, and a closed garage with space for several vehicles. Outside, a spectacular wrap-around terrace encircles the home, offering breathtaking views at every turn. The meticulously landscaped gardens feature a large swimming pool surrounded by mature vegetation, centuries-old olive trees, and fruit trees, creating an ideal setting for relaxation and outdoor entertaining.

Complementary Spaces The estate includes a fully equipped office building, ideal for working in privacy and comfort, as well as an independent guest apartment with two bedrooms, kitchen, living-dining room, and a private terrace. Additional facilities include a gym and various storage areas.
