An exceptional opportunity to acquire a highly reputable car rental business with over a decade of successful operations on the Costa del Sol. Known for its modern fleet, reliable service, and transparent pricing, the company has cultivated a loyal customer base, with around 60% repeat clients and nearly 500 Google reviews averaging 4.9?. At the heart of the business is an outstanding manager who has run daily operations for years and knows every aspect of the company inside out. He is willing to stay on after the sale, giving the new owner a genuinely hands-off investment. Supported by a dependable team of four further employees, he handles bookings, fleet logistics, customer service, and supplier relationships independently, meaning the new owner can step back and focus on strategy rather than day-to-day involvement. The fleet of 100 to 110 vehicles (average age three years, maximum five) provides a solid, asset-backed platform for continued growth and profitability. This business presents a rare opportunity for buyers seeking a profitable, turnkey business in one of Europe's prime tourist markets. Key Highlights: Asking Price: €2,700,000 Annual Revenue: €800,000+ Net Profit: ~€190,000 Fleet Value: ~€1.7M (included in sale) Highly experienced manager in place, willing to stay on long term Team of 4 reliable employees covering all daily operations Outstanding reputation: 498 reviews, 4.9? rating Loyal customer base with ~60% repeat bookings Over 10 years of growth (excluding Covid period) Premises included, with scope to expand fleet and upgrade facilities Asset-backed, turnkey operation with consistent cash flow True hands-off investment with minimal owner involvement required This is an excellent fit for strategic acquirers in the mobility, transport, or tourism sectors, as well as private investors looking for a proven, income-generating business that can continue running smoothly under its existing management from day one.
