Fuengirola

430.000€

Originally designed as a 3-bedroom home, this apartment has been cleverly reconfigured by the current owner: one of the original bedrooms was removed to create a spacious, luminous living room

of exceptional proportions. The result is a popular and bright living area featuring two large windows and the space with natural light provide direct access to the generous terrace. The

property still offers 2 good-sized bedrooms and 2 full bathrooms, plus a separate kitchen. The

terrace enjoys open sea and castle views, ideal for relaxing or entertaining. With a south-facing orientation, the apartment receives sunlight all day long, ensuring a warm and bright atmosphere

throughout the year. The price includes an underground parking space and a storage room.

Important note: The original 3-bedroom layout can easily be reinstated, allowing the new owner to

return the property to its original design as intended by the developer, with three bedrooms, if

desired.
