Welcome to this unique south-facing corner penthouse in the exclusive Reserva del Higuerón, where you can enjoy one of the most iconic panoramic views on the coast overlooking the Mediterranean Sea, Fuengirola, and the beautiful coastline. You live just 600 meters from Carvajal beach, within walking distance to restaurants, a supermarket, and Carvajal train station – a perfect combination of comfort, lifestyle, and convenience. The property features modern architecture, spacious living areas, and impressive ceiling height with floor-to-ceiling windows that allow for an abundance of natural light. The open-plan layout creates a seamless flow between indoor and outdoor spaces, where the large terrace becomes a natural extension of the living room, offering truly exceptional views. The kitchen is by the Italian brand Zampieri and fitted with Bosch appliances, combining design and functionality. The home offers four bedrooms and three bathrooms. One of the bedrooms is currently used as a stylish walk-in closet but can easily be converted back to its original use. The master bedroom has an en-suite bathroom and direct access to the terrace, where you wake up with the sea right in front of you. The community offers two infinity pools, as well as a shuttle service to the beach and the 5-star resort, featuring a hotel, several restaurants, sports facilities, and an award-winning spa – all for a resort-style living experience all year round. Two garage spaces and a storage room are included in the price. This is a home for those seeking something truly unique – a penthouse with space, light, exclusive feel, and arguably one of the best views on the coast.
