An exceptional opportunity to own a stylish home within walking distance of the beach, the historic centre, shops, restaurants and all daily amenities. An important added value of this location is the development of the new Bulevar Parque Central, a major urban regeneration project of approximately 22,000 m² in the heart of Estepona. The boulevard will create an active connection between the historic old town, the new Town Hall, the commercial area, and the Mediterranean seafront promenade. At street level, the project will feature wide pedestrian areas, landscaped parks and gardens, public squares, walking paths, and decorative water features. It will also include spaces for leisure, commercial activities, and public amenities, creating a vibrant new central hub for the town. Beneath the boulevard, a municipal underground car park with more than 300 spaces is being built, integrated into Estepona's low-cost parking system (approximately €1 per day). The development will also include designated areas for taxis, loading and unloading, motorcycles, electric vehicles, and bicycles. Currently under construction, this project is set to significantly enhance accessibility, quality of life, and the overall appeal of this central area, making it even more attractive for both permanent living and holiday use.
