****GREAT Opportunity**** The one of the last plots of land for residential development in the center of Malaga. A very interesting option to realize an intimate residential development. The initial project was about 240 meters and four apartments including two duplexes. The neighborhood district, which proposes many historical points on the map and because of the planned “Plaza - Puentes” development on the Gudalmedina River, is on the list for an investment injection by the city of Málaga to raise its values in the next 5 years. Ideal time to ?invest ?with ?high ?ROI. ?A development with a low ?unit ?cost ?of construction implementation ?due to its simple ?design and low-rise buildings ?ia ?also ?with ?potential ?for ?rental ?business.
