Fulfill the dream of your own property on the Costa del Sol - and virtually from the drawing board... because so far the only thing that stands is the structure of the house with its stunning and unobstructed views of the Mediterranean coast. Currently, there is a swimming pool and a garage, all surrounded by a Mediterranean garden. In addition, the property has two wells, one of them shared with a neighbour. New constructions have taken place, such as: Double wrought iron entrance door. Fully paved lane from the access door to the house. Complete closing of the house with finished paving and socket. Roof waterproofed and turned into a terrace with a 1.20 m ceiling at the edge of the terrace. The interior has been prepared with their own windows to make 6 bedrooms, 5 bathrooms and kitchen with dining room. We are pleased to be able to present this dream property to you soon, either personally or via virtual viewing. Because this world, it is unique - just like our Axarquía. In Andalusia. On the Costa del Sol. Here, on the sunny side of life...
