Recently build, beautiful and very spacious south-southwest oriented apartment in Block 9 in Olivos, Real de la Quinta, Benahavis. Large, sunny terrace of 44m2. This 3 bedroom apartment has been converted into a 2 bed, resulting into a huge, open plan living room. It can easily be turned into a 3 bed again. Underfloor heating throughout. Sea views and nature all around. Just FYI ... as this is a corner unit, on the south side of the terrace, you are looking (partially) at the back side of the Quercus-project, so it's not an 180° open view. 2 parking spaces and a large storage room are included in the price. Easy viewings. Keys in office. Sold unfurnished.
