Welcome to our exclusive and avant-garde urbanization located just 900 metres from the beautiful beach. Our project perfectly combines innovative design, modernity and commitment to the environment. We stand out as the first Passivhaus commitment building throughout Andalusia, which guarantees exceptional energy efficiency and responsible care for natural resources. In our urbanization, we have strived to create versatile spaces that make the most of natural light, giving special prominence to each housing. We carefully take care of all the details, because we know that they are the ones that make the difference. Our rooms are designed with open living rooms that invite you to live together, kitchens equipped with the latest developments, new bathrooms and bedrooms that reflect your personality and lifestyle. Our property is harmoniously integrated into your environment, with a distribution that seeks comfort and functionality in every corner. In addition, you can enjoy an infrastructure that will facilitate access to services and allow you to fully enjoy the common areas. The urbanization has beautiful gardens and a communal pool for your enjoyment and relaxation. In our approach to the future, we are committed to creating versatile spaces that become an integral part of your life, following a Smart Living lifestyle. We invite you to be part of this unique experience in our real estate, where beauty, sustainability and comfort come together to offer you the home you always dream
